ABOUT BLUSH

Whether you're throwing a party for 15 or 400, Blush's savvy event managers will arrange the details to match your every nuanced expectation.

Highlighting the astonishing ability of light to create atmosphere, Blush is Burlingame's most exciting nightclub. This new venue utilizes a fascinating combination of lighting, color, and diverse interior design to create a chic dance spot you must experience to believe. Proprietor Rob Doss and FUN Display have devised an atmosphere that is thoroughly comforting, yet intriguingly unusual.

"We wanted to create the type of environment that would provide a fantastical and intriguing venue for release, escape and enjoyment," said Doss of the design.

"Utilizing lighting and color as a major focus in the design, we were successful in creating a sexy and heady atmosphere that people in Burlingame and the greater Bay Area have been waiting for..." added Doell.

Blush Ultra Lounge and NightClub can accommodate over 300 guests. The downstairs bar spans the length of the club and is broken into three parts with available seating up to 150. The upstairs lounge is the heart of the VIP area featuring several semi private suites. This level can accommodate parties of 5 to 175. Blush has a full bar as well as a dazzling bottle service menu to accommodate your groups' every fancy. Our preferred caterer can help arrange anything from passed hors' d'oeuvres to a four-course, sit down meal.

Blush Nightclub's professional event planning staff is always at hand to aid in the arrangement of every facet of your unique event. Our capabilities are infinite.

Blush is located at 261 California Drive in Burlingame, California. All major credit cards are accepted. Please call Blush at (650)347-7710 for more information.
